ABOUT NEWZEN GLOBAL

ONE ENGINEERING PARTNER FOR YOUR MANUFACTURING TRANSFORMATION

In today's competitive manufacturing environment, success depends on efficient operations, agile processes, and real-time decision making.

NewZen Global brings together deep engineering expertise, trusted technologies, and industry best practices to deliver integrated solutions that drive performance and sustainable growth.

From shop floor to top floor, we enable seamless integration of electrical systems, automation, intralogistics and digital technologies to help you build smart, future-ready manufacturing.

OUR ENGINEERING CAPABILITIES

WHY CUSTOMERS CHOOSE NEWZEN

- ✓ Integrated Engineering Approach
- ✓ Vendor Independent Solutions
- ✓ Strong OEM Ecosystem
- ✓ Experienced Engineering Team
- ✓ Faster Project Execution
- ✓ Lifecycle Support
- ✓ Scalable & Future Ready
- ✓ Commitment to Quality

INDUSTRIAL ELECTRIFICATION

Reliable and efficient electrical systems are the foundation of every high-performing plant.

We design, engineer and deliver Low Voltage (LV) electrical solutions that ensure safety, stability, energy efficiency and future scalability.

WHAT WE DELIVER

LV Distribution Panels

Motor Control Centers (MCC)

PLC, DCS & Remote I/O Panels

Power Quality & Protection Solutions

Energy Monitoring & Management

Upgrades, Retrofits & Modernization

VFD & Soft Starter Panels

CUSTOMER BENEFITS

IMPROVED RELIABILITY

Ensure continuous operations with robust systems.

ENERGY EFFICIENCY

Optimize energy usage and reduce costs.

COMPLIANCE ASSURED

Built to meet IEC & industry standards.

FUTURE EXPANSION READY

Scalable solutions to grow with your business.

INDUSTRIAL PROCESS AUTOMATION

We deliver end-to-end process automation solutions that improve productivity, ensure consistency and provide real-time visibility across your operations.

OUR AUTOMATION SOLUTIONS

PLC & DCS Automation

Machine & Line Automation

SCADA & HMI

Data Acquisition & Historian

Industrial IoT Connectivity

Alarm Management
& Reporting

Industrial Networking

Batch & Process Automation

CUSTOMER OUTCOMES

HIGHER
PRODUCTIVITY

CONSISTENT
PROCESS QUALITY

REAL-TIME
VISIBILITY

ENHANCED SAFETY
& COMPLIANCE

LOWER
OPERATING COST

FASTER RESPONSE
& AGILITY

INDUSTRIAL INTRALOGISTICS

We design and implement smart intralogistics solutions that streamline material flow, optimize warehouse operations, and enhance overall plant efficiency.

From raw material handling to finished goods dispatch, we deliver reliable, scalable and future-ready systems.

OUR INTRALOGISTICS SOLUTIONS

Conveyor Systems

Automated Storage & Retrieval Systems (AS/RS)

AGVs / AMRs & Shuttle Systems

Palletizing & Depalletizing Systems

Sorting & Sequencing Systems

Barcode, RFID & Tracking Solutions

Warehouse Management Systems (WMS)

System Integration & Lifecycle Support

BUSINESS BENEFITS

HIGHER THROUGHPUT

Optimize flow and increase operational productivity.

ACCURACY & TRACEABILITY

Reduce errors and ensure complete visibility.

SPACE OPTIMIZATION

Maximize storage capacity and utilization.

LOWER OPERATING COST

Automate, streamline and reduce manual intervention.

PROCESS INDUSTRY SOLUTIONS FOR FOOD & BEVERAGE

From raw material handling to final packaging, we deliver integrated engineering solutions that ensure product quality, operational efficiency and regulatory compliance.

Our domain expertise and technology-driven approach help food & beverage companies enhance productivity and meet growing consumer expectations.

OUR PROCESS INDUSTRY SOLUTIONS

Process Engineering & Plant Design

Automation & Control Systems

CIP / SIP Systems

Utilities – Steam, Water, Air & Refrigeration

Water Treatment & Wastewater Management

Packaging Automation Solutions

MES, OEE & Production Intelligence

Food Safety, Traceability & Compliance

BUSINESS BENEFITS

HIGHER PRODUCTIVITY

Optimize processes and improve overall equipment efficiency.

CONSISTENT QUALITY

Ensure product safety, quality and compliance at every stage.

REDUCED OPERATING COST

Lower energy, water and maintenance costs.

SUSTAINABLE OPERATIONS

Efficient resource utilization and reduced environmental impact.

QUALITY, SAFETY & SUSTAINABILITY

We help build responsible and resilient operations by integrating quality excellence, ensuring safety and driving sustainable practices.

Our solutions ensure compliance, reduce risks and create long-term value for your business and the environment.

OUR QHSE & SUSTAINABILITY SOLUTIONS

-  Quality Management Systems (QMS)
-  Environment, Health & Safety (EHS) Solutions
-  Compliance Management & Reporting
-  Sustainability Strategy & Consulting
-  Resource Efficiency & Waste Management
-  Carbon Footprint Assessment & Reduction
-  Training, Awareness & Culture Building
-  Audits, Assessments & Continuous Improvement

VALUE WE DELIVER

			
SAFE & COMPLIANT OPERATIONS	SUPERIOR QUALITY	SUSTAINABLE GROWTH	LONG-TERM VALUE
Ensure zero harm workplaces and regulatory compliance.	Deliver consistent quality and enhance customer satisfaction.	Reduce environmental impact and support sustainable practices.	Build resilient systems that drive efficiency and profitability.

INDUSTRY 4.0 MANUFACTURING TRANSFORMATION

Embrace the future of manufacturing with smart, connected and data-driven solutions.

We help you integrate advanced digital technologies to improve agility, drive innovation and achieve operational excellence.

OUR INDUSTRY 4.0 SOLUTIONS

IIoT & Smart Connectivity

Real-time Data Acquisition & Analytics

Cloud Platforms & Edge Computing

Digital Dashboards & KPI Monitoring

AI/ML for Predictive Insights

Predictive Maintenance Solutions

Cybersecurity & Data Protection

System Integration & Digital Twin

Change Management & User Training

KEY BENEFITS

DATA-DRIVEN DECISIONS

Gain real-time visibility and actionable insights across operations.

OPERATIONAL EXCELLENCE

Improve efficiency, quality, and productivity with connected systems.

GREATER AGILITY & INNOVATION

Adapt faster to changes and drive continuous innovation.

FUTURE-READY MANUFACTURING

Build a scalable, secure and sustainable digital enterprise.

ENERGY & UTILITY SOLUTIONS

Reliable utilities and efficient energy management are critical to ensure continuous operations, optimize costs and achieve sustainability goals.

We provide end-to-end solutions for energy distribution, utility systems and energy optimization tailored to your manufacturing needs.

OUR ENERGY & UTILITY SOLUTIONS

Power Distribution & Substation Solutions

Energy Monitoring & Management Systems

Steam Generation & Distribution Systems

Chilled Water & Cooling Systems

Compressed Air Systems

Water Treatment & Recycling Systems

Energy Efficiency & Optimization Solutions

Utility System Upgrades, Retrofits & Maintenance

KEY BENEFITS

IMPROVED ENERGY EFFICIENCY

Reduce energy consumption and operating costs.

ENHANCED RELIABILITY

Ensure uninterrupted operations with robust and reliable utility systems.

SUSTAINABLE OPERATIONS

Support sustainability goals with efficient and eco-friendly solutions.

HIGHER PRODUCTIVITY

Utilities designed for performance and consistent productivity.

TYPICAL UTILITIES WE SUPPORT

Compressed Air

Chilled Water

Boiler & Steam

Cooling Water

Power Distribution

Fire Protection

Water Treatment

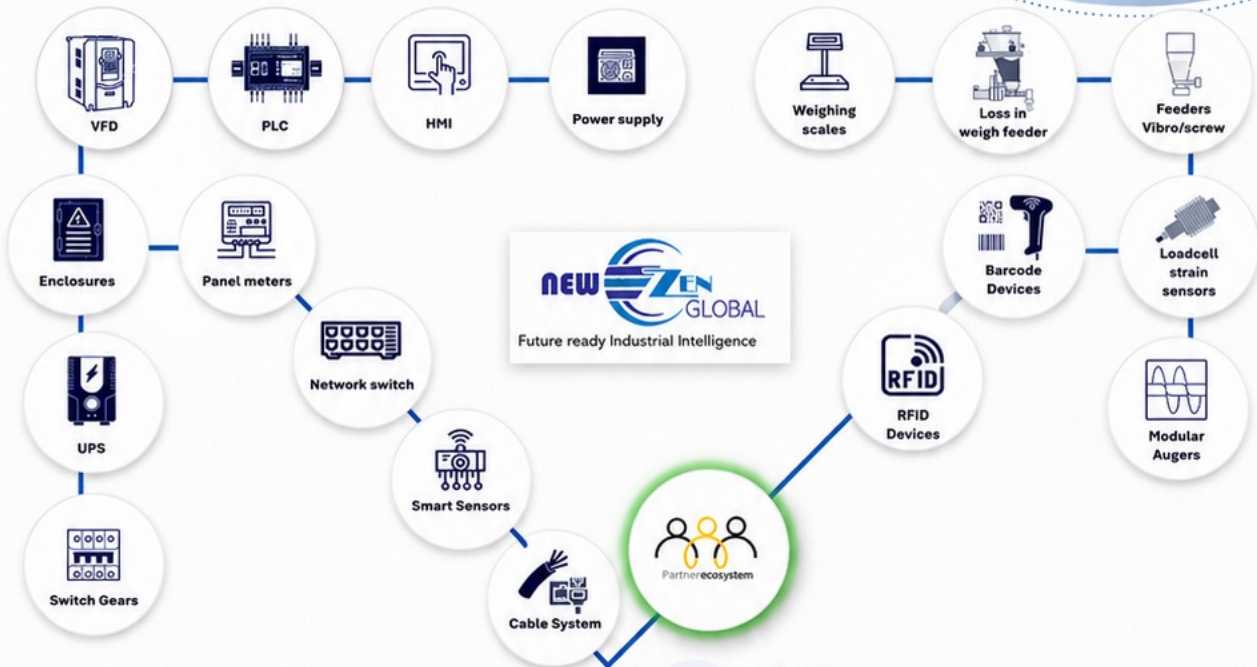

HVAC & Ventilation

INDUSTRIAL PRODUCTS, MRO SUPPLIES, KITS & INTEGRATION

One-stop source for a wide range of industrial products, MRO supplies and customized kits – delivered with quality, reliability and speed.

We partner with System Integrators and Machine Builders to keep your operations running and your projects moving.

SKID SERVICES VALUE

- ✓ Faster time to market
- ✓ Lower total cost of ownership
- ✓ Increased operational efficiency
- ✓ Seamless execution from planning to production

**TRUSTED BY
SIs & MACHINE BUILDERS**

We understand your challenges and deliver the right products and support to build better, faster and smarter.

SOURCE

- ✓ Single source for all industrial automation components
- ✓ Simplifies procurement and vendor management

KIT

- ✓ Customized kits tailored to project needs
- ✓ Reduces inventory complexity and handling time

INTEGRATION SUPPORT

- ✓ Expert support for integration and deployment
- ✓ Accelerates project timelines and reduces risk

DELIVER

- ✓ On-time delivery aligned with project schedules
- ✓ MRO solutions to maximize equipment uptime
- ✓ Backed by reliable technical support throughout the lifecycle

WHY PARTNER WITH NEWZEN?

We combine deep industry expertise, engineering excellence and advanced technology to deliver solutions that create real impact.

INDUSTRY EXPERTISE

Decades of experience across diverse industries and complex operations.

END-TO-END CAPABILITIES

From concept to commissioning and beyond – we own the process.

INNOVATION DRIVEN

Leveraging the latest technologies to deliver smarter, future-ready solutions.

RELIABLE & TRUSTED

Committed to quality, safety, and on-time delivery – every time.

OUR DIFFERENTIATORS

CUSTOMER-CENTRIC APPROACH

We listen, collaborate and deliver solutions that align with your business goals.

QUALITY ENGINEERING

Adherence to global standards and best practices in everything we do.

PROVEN TRACK RECORD

Successful delivery of projects that drive measurable business results.

GLOBAL PERSPECTIVE, LOCAL IMPACT

Global knowledge with local understanding to serve you better.

LONG-TERM PARTNERSHIP

We build lasting relationships based on trust, transparency and value.

SUSTAINABLE FOCUS

Solutions designed to improve efficiency and create a better tomorrow.

THE VALUE WE DELIVER

IMPROVED PERFORMANCE

Optimize operations and maximize productivity.

COST EFFICIENCY

Reduce costs through smart design and process optimization.

RISK MITIGATION

Enhance safety, compliance and operational reliability.

SCALABILITY & FLEXIBILITY

Solutions that grow with your business needs.

BUSINESS GROWTH

Enable innovation and agility to stay ahead of the curve.

SUSTAINABLE IMPACT

Drive responsible growth with efficient resource utilization.

OUR COMMITMENT TO YOU

We are committed to delivering engineering solutions that empower your business, enrich communities and build a sustainable future together.

SAFETY FIRST

Zero compromise on safety for people, assets and the environment.

QUALITY ASSURED

Delivering excellence through rigorous processes and quality control.

PEOPLE EMPOWERED

Investing in our people and building a culture of collaboration and continuous learning.

BETTER TOMORROW

Creating long-term value for our customers, communities and the planet.

LET'S BUILD THE FUTURE TOGETHER

Partner with Newzen Global and unlock the power of integrated engineering solutions that drive performance, innovation and sustainable growth.

LET'S BUILD SMARTER MANUFACTURING TOGETHER

At Newzen Global, we partner with you to transform challenges into opportunities and build intelligent, efficient and sustainable operations for the future.

**YOUR VISION. OUR ENGINEERING.
STRONGER TOGETHER.**

INNOVATE

Drive innovation with advanced engineering solutions.

OPTIMIZE

Optimize operations for maximum efficiency and productivity.

SUSTAIN

Build sustainable operations for a better tomorrow.

GROW TOGETHER

Achieve shared success through collaboration and trust.

LET'S CONNECT

Ready to take your operations to the next level?
Get in touch with our experts today.
